

Each year we reach out to all our local Kiwanis Clubs to ask for continued financial assistance in order to support the Kiwanis Pediatric Trauma Center Foundation's mission in reducing pediatric trauma related death and injuries of our young children. Many of these children are saved and their disabilities reduced or eliminated because of the establishment of fully staffed, optimally equipped LEVEL ONE pediatric trauma centers, supported by trained out-patient care providers and safety programs.

In addition, funds raised will support in-part the KPTC Safety programs and our efforts in training our Circle K, Key Club and Board members in childhood injury prevention and safety education. Their training will increase the number of elementary school students receiving education in motor vehicle/pedestrian safety, bicycle/wheeled sports safety,

**KPTC IS PROUD TO ACKNOWLEDGE THE FOLLOWING CLUBS WHO HAVE  
DONATED TO THE 2024 KPTC ANNUAL CAMPAIGN:**
